PROCEDES DE MANIPULATION STATIQUE

Cet instrument comporte des composants électroniques qui peuvent être endommagés par l'électricité statique.

Cette note a pour but d'indiquer les précautions qu'il faut prendre afin de minimiser les chances de destruction de certains systèmes.

- * Ne pas frotter les composants sensibles sur n'importe quelle surface.
- * Laisser les composants dans leur emballage d'origine jusqu'à l'utilisation.
- * Prendre toujours les composants par leur corps et jamais par leurs pattes.
- * Porter un bracelet de décharge statique.
- * Ne prendre les circuits imprimés que par les côtés non-conducteurs.
- * Laisser l'espace de travail propre et libre de tout objet capable de transmettre une charge électrique.
- * Eviter plastique et vinyl dans la zone de travail.

STATIC HANDLING PROCEDURES

This instrument contains electronic components that are subject to being damaged by static electricity.

This notice explains how you can minimize the chances of destroying such devices.

- * Minimize handling.
- * Do not slide static sensitive components across any surface.
- * Use anti-static containers for handling and transport until ready for use.
- * Pick up solid state devices by their body and never by their leads.
- * Wear a static-discharge wristband when working around static sensitive components.
- * Handle PCBs only by non-conductive edges.
- * Keep workspaces clean and free of any objects capable of holding or storing an electric charge.
- * Avoid plastic, vinyl and styrofoam in work area.

Garantie et Assistance - Warranty and Assistance

Ce produit ADRET est garanti pour une durée d'un an à compter de la date de livraison.

La garantie s'applique aux appareils ayant subi des dommages mécaniques causés lors de l'expédition en partance de ADRET ou présentant, à la suite de défaillance d'un élément ou d'un sous-ensemble, des caractéristiques non conformes aux spécifications techniques. Sont toutefois exclus de la garantie les dommages occasionnés par une utilisation anormale de l'instrument.

Le client s'engage, pour sa part, à ne pas intervenir sur le produit pendant la période de garantie sous peine de la perdre définitivement. Le retour et la réexpédition de l'appareil lors d'une opération de maintenance sous garantie sont pris en charge pour moitié par ADRET.

Passé le délai de garantie, la Société reste bien entendu au service de ses clients en leur offrant son concours pour toutes éventuelles opérations de maintenance.

The ADRET product is guaranteed for a period of one year from the date of delivery.

The warranty does not cover damage caused by incorrect use of the instrument.

The client for his part undertakes not to interfere with the equipment during the warranty period, failing which the warranty is rendered void. One half of the cost of returning and re-shipping the equipment for maintenance under warranty will be met by ADRET.

After expiry of the warranty period, the Company will of course remain at the service of its customers and will offer its help to them for any maintenance work that may be necessary.
